Professional Summary

B. Tech graduate in Information Technology specializing in Front-End development with React.js. Experienced in crafting responsive, user-centric interfaces and managing complex state using React and Context API. Proficient in API integration and familiar with Node.js and MongoDB for seamless full-stack collaboration.

Education

Anna University Chennai (2021–2025)
B.Tech in Information Technology | CGPA: 7.52 / 10

Work Experience & Projects

• **Front-End Developer Intern** – Numerique360 (May 2025 – Present)
  Developed responsive ReactJS interfaces, managed state using Context API and React Router, and integrated RESTful APIs for ERP applications.

• **Uterus Cancer Detection using ML** – Anna University (Major Project)
  Built an ML model with Random Forest & SVM for early detection and designed an intuitive prediction interface.

• **Portfolio Website** – Developed and deployed a React + Tailwind CSS personal portfolio on Netlify.

• **Crypto Exchange** – Built a simple cryptocurrency exchange using React.js and REST APIs to fetch live token prices and simulate trading interactions.

• **Tic Tac Toe Game** – Created an interactive React game with state management for player turns and win detection.

• **Real-Time Dashboard** – Designed a dynamic dashboard using React and Tailwind CSS with reusable components.

• **Product Catalogue** – Built a React-based product listing app with filtering and responsive UI

Technical Skills

Programming: HTML, CSS, JavaScript, React.js, Node.js, MongoDB, MySQL
Tools & Platforms: Git, GitHub, Linux, Microsoft Office
Soft Skills: Time Management, Teamwork, Problem-Solving, Documentation, Presentation

Certifications & Achievements

• **Elite Certificate** – DBMS MongoDB Exam (2021)

• **Web Development Certification** – Dabotics India
